Ex: D 4010 frame 701248 It means that the part has been installed on machines having frame number starting from 701248. Therefore, the parts marked by "C 701248" have been installed up to frame to 701247.
- 4 - If required, the "replacing norm" is shown.
Ex: 5130771 = 5141934 : It means that when 5130771 part supplies are over, the 5141934 will be delivered.
5111823 = 5136145 + 5136147 : It means that when 5111823 part supplies are over, the 5136145 + 5136147 will be delivered. If during the execution (see step 3), the replacing norms are not shown, it means that the pre-modification part (C 4010) is always delivered as the spare part, as it is not interchangeable with the post-modification one (D 4010).
